

## **Spray Park Use Directive**

### General Directive and Intent:

- To open the spray park and allow children and families to participate in a refreshing activity while maintaining within the guidelines set out by the province of Alberta and Alberta Health Services.

### Restrictions:

- All patrons not from the same household or cohort family must maintain physical distancing of 2 meters.
- Must not gather in groups larger than allowable under current Alberta Health Services restriction.
- If physical distancing is not possible wearing a mask is recommended around the spray park deck and park area. Masks should not be worn while playing in the spray park water features, as they present a safety risk.

### Best Practices:

- Post signs that indicate the gathering restrictions and physical distancing set out by the province and AHS.
- Drinking water fountains should be shut off.
- Sanitize water activation sensor daily.
- Ensure garbage bins with removable liners are available and checked regularly.
- Signage indicating that benches and picnic tables around spray park are not being cleaned. Users should clean prior to use and after use.

### Individual Actions and Precautions:

- Those who are sick or have symptoms related to Covid-19 must not use spray park.
- Encourage children to avoid or limit contact with individuals outside their household or cohort family.
- Caution should be taken around water features.
- Take touch precautions when using the activation sensor to start the water.
- Practice proper hygiene
  - Wash your hands frequently.
  - Refrain from touching your face with unclean hands
  - Carry and use hand sanitizer containing at least 60% alcohol immediately before and after using Spray park.
- Maintain physical distancing and limit congregating with other people when entering and leaving the spray park and supervising children playing (e.g. paths, benches, picnic areas).
- Individuals should maintain physical distancing when returning to vehicles or homes.
